Volunteer Requirements:

Parents and guardians wishing to volunteer on campus or attend field trips with their student must be a registered volunteer with Brevard Public Schools.

Volunteers are required to complete an online application and undergo fingerprinting at district offices. Cost is \$35 for the initial registration and \$8 annual renewal fee. Approval can take several days, so it is advised to complete this early.

More information and the online application can be found at the district website: <https://www.brevardschools.org/Page/11104>

FAQs:

What is a Registered Volunteer able to do?

Registered Volunteers are able to work in the classroom and around the schools. They will also be able to work one on one with students and attend in county and out of county field trips.

Why do Volunteers need to be fingerprinted?

Registered Volunteers MUST be fingerprinted. The Level II background check that is conducted via the fingerprint submission to the FBI national database gives us the ability to know definitively who is in direct contact with our students.

How many years is a Registered Volunteer valid for?

Your registered volunteer status is good for one year. We will retain your fingerprints digitally and electronically resubmit your fingerprints to the Florida Department of Law enforcement for a fee of \$8.00. Registered Volunteers will be notified via the email account associated with their application 60 days and 30 days prior to their renewal. You will not need to return to our office to be fingerprinted yearly.
